C. Indonesia
D. Ethiopia`

Q.93: The famous book on statecraft "The Prince" was written by :
A. **Machiavelli**
B. Plato
C. winston Churchill
D. Lord Macaulay

Q.94: Read the following passage carefully and answer the questions "Dolphins are regarded as the friendliest creatures in the sea and stories of them helping drowning sailor have been common since Roman times. The more we learn about Dolphins, the more we realize that their society is more complex than people previously imagined. They look after other dolphins when they are ill, care for pregnant mothers and protect the weakest in the community, as we do. Some scientists have suggested that dolphins have a language but it is more probable that they communicate with each other without needing words. Could any of these mammals be more intelligent than man? Certainly the most common argument in favour of man's superiority over them that we kill them more easily than they can kill us is the least satisfactory. On the contrary, the more we discover about these remarkable creatures, the less we appear superior when we destroy them." It is clear from the passage that dolphis_____.
A. Don't want to be with us as much as we want to be with them.
B. are proven to be less intelligent than once thought
C. **have a reputation for being friendly to humans.**
D. are capable of learning a language and communication with humans.

Q.95: Read the following passgae carefully and answer the questions "Dolphins are regarded as the friendliest creatures in the sea and stories of them helping drowning sailor have been common since Roman times. The more we learn about Dolphins, the more we realize that their society is more complex than people previously imagined. They look after other dolphins when they are ill, care for pregnant mothers and protect the weakest in the community, as we do. Some scientists have suggested that dolphins have a language but it is more probable that they communicate with each other without needing words. Could any of these mammals be more intelligent than man? Certainly the most common argument in favour of man's superiority over them that we kill them more easily than they can kill us is the least satisfactory. On the contrary, the more we discover about these remarkable creatures, the less we appear superior when we destroy them." The facet that the writer of the passage thinks that we can kill dolphins more easily than they kill us_____.

A. Means that they are better adapted to their environment than we are
B. Shows that dolphins have a very sophisticated form of communication.
C. proves that dolphins are a more intelligent species of the sea..
D. **Does not mean that we are superior to them**

Q.96: Who was the first batsman to hit 6 sixes in an over in international Cricket?

A. Garfield Sobers
B. Yuvra Singh
C. Shahid Afridi
D. **Hercehelle Gibbs**

Q.97: Read the following passgae carefully and answer the questions "Dolphins are regarded as the friendliest creatures in the sea and stories of them helping drowning sailor have been common since Roman times. The more we learn about Dolphins, the more we realize that their society is more complex than people previously imagined. They look after other dolphins when they are ill, care for pregnant mothers and protect the weakest in the community, as we do. Some scientists have suggested that dolphins have a language but it is more probable that they communicate with each other without needing words. Could any of these mammals be more intelligent than man? Certainly the most common argument in favour of man's superiority over them that we kill them more easily than they can kill us is the least satisfactory. On the contrary, the more we discover about these remarkable creatures, the less we appear superior when we destroy them." One can infer from the passage that _____?

A. dolphins are more abundant in some areas of the world.
B. communications is the most fascinating aspect of dolphins
C. dolphins have skills that no other living creature have such as the ability to think
D. **dolphins have some social traits that are similar to those of humans**

Q.98: what is the synonyms of "complex"?

A. Simple
